(By Associated Press) HOUSTON, Apr. 22. - An organized effort, it was announced at the headquarters of the United States Good Roads Association here today, is already under way to have the Federal government take over the Bankhead National Highway as a military necessity. Bills to be introduced in Congress have already been prepared, the statement said. Senators and Congressmen to introduce them have been chosen. The highway, which is projected from Washington to San Diego, is 3,690 miles long, of which 2,122 miles have been completed. A statement from Thomas McDonald, chief of the Bureau of Public Roads, received at the convention headquarters of the National Good Roads Association, shows that the longest stretch, 446 miles, that has been completed, is in Texas.

BANKHEAD ROAD TO BE TEN-DERED AS NATIONAL WAY OF TRANSPORTATION

## **GOVERNMENT HIGHWAY**

(By Associated Press) HOUSTON, Apr. 22. - An organized effort, it was announced at the headquarters of the United States Good Roads Association here today, is already under way to have the Federal government take over the Bankhead National Highway as a military necessity. Bills to be introduced in Congress have already been prepared, the statement said. Senators and Congressmen to introduce them have been chosen. The highway which is projected from Washington to San Diego, is 3,690 miles long, of which 2,122 miles have been completed. A state-ment from Thomas McDonald, chief of the Bureau of Public Roads, received at the convention headquarters of the National Good Roads Association, shows that the longest stretch, 446 miles, that has been completed, is in Texas.

Co-Operative Selling. Mr. Schlafly complimented the coultry raisers of Brazos county for the success they have already attained, but he reminded them that to make the business a success there is but one way, "the right way. "Good stock, correctly fed, properly which, he declared, were more numerous than poultry in that section of the state. He ventured to say that if the business was handled right in Brazos county it could be made to rival or perhaps surpass the cotton industry. He said that the business interests of Bryan should get behind the poultry work and help make it a great success. Many preslent were interested in the plan , whereby his company would distriorland Greenville, Texas, to New bute pure-bred chicks free of charge to responsible poultry raisers in any part of the country, citing as an example how business men in a certain Mississippi county had co-oper ated in the distribution of 20,000 baby chicks this year. He showed how the plan was not one of philanthropy, but just a sound business proposition whereby the poultry industry might be stimulated to almost any proportions. He reminded the and expels the worms without the coultry raisers present that production is not the only problem; that child.

light and benefit

R. Edmonds, will do so at later meetings.

MR. AND MRS. W. N. MILLER VISITING HIS BROTHER ON WAY HOME TO GREENVILLE

Having enjoyed a week's trip ov-Orleans, via the northern route, reurning home the southern way, Mr. nd Mrs. W. N. Miller were in Bryan oday visiting his brother, City Manger J. Bryan Miller. Mr. Miller is n the insurance business at Greenville, which is the former home of the City Manager.

## DISTINGUISHED FOLKS SEEING A.-M. COLLEGE

Buda, serving in both the 38th and they must produce the best possible 39th legislatures, was a visitor at the A. and M. College during the Smith-Hughes Interscholastic meet Monday and Tuesday. Representative Carters' first visit to the College and he was much impressed with the greatness of the institution and the service it is rendering the youth of Texas. Hays county had 33 boys in the contest and Representative Carter predicted would be thirty-three boosters for Aggieland in Hays county. Repre sentative Carter has always been loyal supporter of the A. and M. Col lege, but he said "I couldn't vis nalize the greatness of this institu tion and its needs until I saw it, but now since I have seen with my own eyes I have a new vision for its sucfor flesh wounds, cuts, sores, galls, burns and scalds is just as effective in the stable legislator isn't here to see this splenas in the home. Horse flesh heals with did group of farm boys coming from cess. My only regret is that every all parts of the State and get the vision that I have gotten.'

Another enthusiast for A. and M. College from Hays county is O. L. Miller of Buda. This is Mr. Miller's second trip to the College, making the trip over with the boys last year.

M. COLLEGE ZOO ENCE VICK

### IN NAVASOT BOTTOM

The College zoo is today the re cipient of an alligator 9 feet 2 inches in length, as a gift from Clarence Vick, who caught the huge amphibian in the Navasota bottom at Long's Trestle, near Cox's saw mill, about 14 miles from Bryan, last Wednesday. Mr. Vick was in the Bottom rounding up his cattle for pond, where often before alligators had been seen, and finding it dry, he began to investigate as to where ar was intact, nothing having been the den under a willow tree, and looking into the hole he was greeted with two big beaded eyes. With the use of a stick and his lariat he roped the reptile and with the aid of a negro that was accompanying him they tied the reptile with tie ropes and dragged him to the saw mill nearby. After he was made fast to a post, Mr. Vick phoned W. W. Kraft at A. and M. College of his capture and of his desire to donate it to the College. Mr. Kraft, with truck and brought the alligator to the College. It is believed this is the largest alligator that has even been captured in this part of Texas, and ing of floral decorations and in the hats are off to Mr. Vick for his in landing him single-

### SUNDAY SCHOOL DAY HELD AT METHODIST **OMURCH ON YESTERDAY**

During the morning service hour, beginning at 11 o'clock, Sunday School Day was observed at the Methodist church, a committee arranging for a program which was given to well packed auditorium who were delighted with the program as rendered by individuals and groups sent the different classes of the Sunday school. The committee in charge was Mrs. Albert Haneman and Mrs.

The program rendered was as folment; reading, John Lawrence, III; reading, Henry Fulgham; instrumental duet Mary Martha Black and Lillian Oliver; reading, Mildred McKen-FROM SCHOOL OFFICIALS zie; reading, John Egan; song, Ruth Neeley; reading, Catherine Maigne; reading, Dan Alsobrook; violin solo, Ann Bentley; reading, Ruth Beard; reading, Robaline Smith; chorus, ten girls; reading, Oak McKenzie, Jr.; reading, Annabelle Barnes; song, Mildred Reed; reading, George Barnes; reading. ### JESS CONLEE RETURNS FROM ELDORADO WITH THE M'CULLOCH COUPE

Sheriff Jess Conlee has just com pleted the closing chapter of his story of a long chase covering several months to locate the McCulloch Ford coupe, stolen in Bryan in the early days of January and which chase has covered all North Texas and South to Liberty and ending at Eldorado, Arkansas, where the driver. H. H. Long, is out on bail. The car seemed to be in good condition, said the sheriff upon his return. The man who stole the car is in jail at Groesbeck. His name is said to be S. L. Irvin, wanted on other charges of car theft at North Texas points. The McCulloch car case was turned over to the Federal government to prosecute, as this will save much expense to the sheriff who pays the traveling fees and incidentals out of his own pocket and he has already put out a considerable sum in the recovery of this car.

Mr. and Mrs. Arthur L. Smith and little sons have returned from a visit with his parents at Blanco. They made the trip through in their car and report dry weather everywhere, with crop prospects very poor and cattle suffering for grass and water.

## NEARLY HUNDRED SMITH-HUGHES ATHLETIC MEET WON Some Points In City Development BY BRYAN STREET HIGH OF DALLAS

(Special to Bryan Daily Eagle) COLLEGE STATION, Apr. 22.-Bryan Street high school won the team and individual honors in the interscholastic field meet at the A. and M. College Tuesday, making 21 1-2 points. Teague of Bryan was the high individual with a total of 10 1-4 points, taking first in the 100-dash and 220-yard dash, and making one-fourth of the points when his team took fourth in the inches.

Barlett of Marlin high school was a close second for individual honors, making 10 points. Houston Central High School was a close second for team honors, making twenty points Bryan Street high school gets the

silver trophy cup.

First and second place winners in each event follows: 120 hurdles: Battle, Austin; Ow-

enby, Itasca. Time, 17 2-5. Shot: Bartlett, Marlin; Grace, Calvert. Distance, 48 1-2.

Pole vault: Wolfe, Houston Central; MaGuire, Bryan High, Dallas. Distance, 11 feet 4 inches. 100-yard dash: Teague, Bryan Street, Dallas; Berger, Allen Academy; 10 3-5 seconds.

Mile run: Killian, Alvord; Hibbler, Terrell; 4 minutes 44 seconds. Discuss: Bartlett, Marlin; Mitch- the individual high point man of the

ell, Itasca; 121 feet, 6 inches. High jump: Fitzgerald, Caldwell; both the 100 and 220-yard dashes.

### **DISASTROUS FIRE AT** THE PEOPLE'S **NORMANGEE SUNDAY** COLUMN

NORMANGEE, Apr. 22 .- Fire on Sunday night shortly after 1 o'clock burned three mercantile buildings here. The fire originated in the Donado & Martin building on the corner, and rapidly spread to the ad- ing abreast of her opportunities, joining frame buildings. The Donafront by 140 deep, well filled with some of the things Bryan should do dry goods, groceries, hats, shoes, mil- at once so she could expand and linery and dresses, flour, feed, etc. It is etsimated there was not less! than \$15,000 in stock. The house was frame with portions ironclad. The loss is about half covered by insurance. The exact figures are not 29th street should be opened up clear available at this hour.

The next house belonged to S. A. Dunn, and was occupied by C. R. Cannon's grocery business. The next to the high school. was a frame building of the Normangee Hardware Company. This building was filled with wagons and other farm machinery, which were safely removed from the building. The two story brick building of the hardware company coming next stayed the flames, though the brick wall was badly damaged. At one time it looked as though the Normangee Star Printing Office, standing just north of the fire district, with a high south wind, would be next to go, place storm sewer and fill in the but it escaped unhurt.

Just two months ago, the night of Company between 27th and 28th February 18th, the business houses of E. G. Palmer and Jack Ellison burned. These were two adjoining frame buildings in another block.
